**Re: FDA Status of Addiflex HES Degradable Additive for Use in Grocery Bags;  
Our File No. GR13949**

Dear Dr. Chapman:

The purpose of this letter is to respond to your request for our opinion regarding the status, under the laws and regulations administered by the Food and Drug Administration (FDA), of Green Club Inc.'s Addiflex HES additive for use as a component in plastic shopping bags. Based on the information you provided us, we have no hesitation in advising that Addiflex HES may be used as a component in plastic shopping bags, and that such use may properly be said to comply fully with the Federal Food, Drug, and Cosmetic Act, and all applicable food additive regulations.

We trust that you will find this letter responsive to your request for our opinion. Should you have any further questions regarding this matter, or if we may be of assistance in any other way, please do not hesitate to contact us.

Cordially yours,

George G. Misko
